

TurningPoint

My Future. My Career. ↩ My Choice.

Welcome.....

to the spring edition of Career News from Turning Point.

Construction and manufacturing businesses as well as prospective employees will be interested in participating or attending the *"Heavy Metal & Ca\$hing In"*, April 28 - 29 at *CSI on North College Road*.

This event provides a great opportunity to expose area businesses, students and residents about careers and job requirements in construction and manufacturing.

Sponsored by the Workforce Development Alliance (WDA), the *"Heavy Metal & Ca\$hing In"* will include heavy equipment operation, hands-on demonstration modules where traditional trade tasks such as framing, drywall, electrical and plumbing can be performed. Construction/manufacturing businesses, industry associations and educators will be on hand with education exhibits and to offer short informational sessions about programs, services and courses available to support those interested in learning more about construction jobs.

CSI will also hold a Career Fair on April 28 during this event so students can get even more hands-on experience in a wide range of other industries; including health science, agriculture, physical science, physical education, technology and education. [HandsOn 2010](#)

For more information contact:
Cyndie Woods at 732-6328 or cwoods@csi.edu
